City hall reports

Parking now allowed

As the result of council passing an ordinance at its last regular meeting, parking is now allowed on one side of harview Street in an area where residents always parked.

For years residents of the street, between 125 Farview and Forty-second Street.

parked on the westerly side of the street, between 125 Farview and Forty-second Street.

The only prohlem was that a 1950 city ordinance forbid parking on that side of the street, allowing it only on the casterly side.

However, for years residents parked on the wrong side of the street in that one stretch. The law had apparently been unenforced until city police recently received a complaint about the illegal parking there.

Council then set the wheels in motion to change the law to fit the parking habits of residents there.

City managing director Martin P. Judge told the Carbondale Mirror last week that the change is good hecause the westerly side of the street has lewer garages and driveways thus allowing more parking spots than the opposite side.

He added that the new parking law also is better because the slope of the road makes parking easier on the westerly side during winter months.

Temporary law

City council recently approved an ordinance banning parking near the Dundaff anace banning parking near the Dundaff and the probability of the city. These lights are to brighten up dark spots not lighted by the modernization program.

The work was finished early last week. In t

City council recently approved an ordinance banning parking near the Dundaff Street intersection on Forty-second Street.

The city's managing director Martin P. Judge explained that this law has a self-destruct clause: when the Dundaff Street viaduct is forn down, the han on parking is automatically lifted.

The law was enacted to allow additional room for tractor-trailers making the turn from Forty-second Street unto Dundaff Street Street.

The law was enacted to allow additional room for tractor-trailers making the turn from Forty-second Street unto Dundaff Street.

The law has a self-destruct clause: when the Dundaff Street Street of the Handicapped, Scranton, about two years ago, took an opion on a piece of West Side Urban Renewal property.

During the past couple of months, that property has been the topic of councilmanic discussion since it is located along a very first text to for road—West Side Drive. The city has received requests to put street.

The city second Street unto Dundaff Street Street.

The law was enacted to allow additional room for tractor-trailers making the turn from Forty-second Street unto Dundaff Street.

The law has a self-destruct clause: when the Dundaff Street was enacted to allow additional room for tractor-trailers making the turn from Forty-second Street unto Dundaff Street was every hospital worker's night mare.

The city's managing director Martin P. But if the appeal is granted in Horn's favor, the city has his salary earmarked in the 1981 budget.

However, he added, there is nothing in the 1982 budget for the position. Thus, if Horn was populated to the 1982 budget for the position. Thus, if Horn was his appeal, then an adjustment will have to be made in that budget.
